Town Warrant

THE TOWN OF HUDSON

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Dr. H. O. Smith School Auditorium in said Hudson on Tuesday the 10th day of March next to elect Town Officers for the ensuing year by ballot for which purpose the polls will open at 10:00 A. M. and close at 8:00 P. M., and to act upon the following subjects at 7 o'clock in the evening.

1. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

2. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.

3. To see if the Town will vote to authorize the selectmen to pledge the credit of the Town in anticipation of taxes.

4. To see if the Town will vote to authorize and empower the Selectmen to sell and convey any and all real estate acquired by the Town for unpaid taxes.

5. To see if the Town will vote to ratify and confirm the conveyance of the Town of Hudson to Lucienne D. Bastille under deed dated January 27, 1959 of premises situate on Highland Street in said Hudson being Lot No. 8 on Plan of George D. Cleveland recorded in Hillsborough County Registry of Deeds as Plan No. 191, and containing 15,163 square feet, more or less.

6. To see if the Town will vote to abandon and close forever Brenton Street from its intersection of the Lowell Road to the easterly intersection of Temple Street. By petition.

7. To see if the Town will vote to abandon that portion of the Lowell Road formerly used for a turnout for the Bay State Street Railway Company that lies easterly of the east line of said Lowell Road. The east line of the Lowell Road being a line 3 rods easterly of and parallel to the original lay-out line as recorded June 13, 1895 in the records of the Town Clerk, lying opposite land of Exilda and Xavier Gagnon et als. By petition.

8. To see if the Town will raise and appropriate the sum of \$500.00 for lay-out and improving of Norman Street and Moody Street. By petition.

9. To see if the Town will vote to appropriate a sum not to exceed \$70,000 for the purpose of constructing a new sewer system on the Lowell Road, Riverside Avenue, County Road and connecting streets in the Town of Hudson pursuant to Chapter 252, *New Hampshire Revised Statutes Annotated*, such sum to be raised through the issuance of not exceeding \$70,000 in serial bonds under and in compliance with provision of Municipal Finance act (Chapter 33 of *New Hampshire Revised Statutes Annotated*) and to authorize the Selectmen to issue and negotiate such bonds and to determine the rate of interest thereon and the time and place of payment thereof and to take such other action as may be necessary to effect the issuance, negotiation and sale of such bonds as shall be in the best interest of the Town of Hudson. By petition.

10. To see if the Town will vote to raise and appropriate the sum of \$20,000 to defray a part of the cost of constructing a new sewer system on Lowell Road, Riverside Avenue, County Road and connecting streets in the Town of Hudson. By petition.

11. To see if the Town of Hudson will vote to accept land to be donated to the Town of Hudson by Mildred and Thomas Claveau for a public access way to Ottarnic Pond (otherwise known as Tarnic Pond) land being a road 50' wide and 300' long and approximately 100' at water's edge for public parking area. Sponsored by Hudson Fish and Game Club.

12. If the Town votes in the affirmative on Article 11, to see if the Town will vote to raise and appropriate the sum of \$450. to gravel, grade and improve the area. Sponsored by Hudson Fish and Game Club.

13. To see if the Town will vote to increase the salary of the Chief of Police by the amount of \$300. annually. By petition.

14. To see if the Town will vote to increase the salary of Sgt. Malvern Thompson of the Police Department by \$300. annually. By petition.

15. To see if the Town will vote to purchase a Gamewell Fire Alarm Air Whistle and controls for the Fire Department. The Town to raise and appropriate a sum of \$3,200., said sum to be matched with a like amount through the Federal Civil Defense Administration. The present siren to be converted to Civil Defense Warning. By petition.

PLANNING BOARD

Your Planning Board submits the following as its report for the year of 1958.

Several land subdivision plans were presented for approval.

Your chairman was asked to serve on an interim Regional Planning Committee, representing the town, together with representatives of thirteen neighboring towns from this area to review many problems with which we are faced, but primarily that of the congestion of traffic flow over the Taylors Falls Bridge and the grade crossing problems in the area of the Nashua Union Station. This is a major problem as it affects the health and safety of all who use this route, more especially the residents of Hudson.

At the Town Meeting it was voted to establish an interim committee and as soon as other towns and communities in this area get their approval a Regional Committee will meet.

Your board assisted materially in bringing to town new industries which, they feel, are to be a great asset.

PAUL W. BUXTON,

Chairman

HUDSON POLICE DEPARTMENT
CHIEF ANDREW J. POLAK
Sgt. Malvern Thompson
Sgt. Alphonse Smilikis

SPECIAL OFFICERS: Leo Gagnon, Michael Karos, Lewis Marshall, Edgar Donah, Donald Bowden, Charles Lindsay, William Teichman, Gregory Dearborn, George Forrence, Lenard Rafferty.

I wish to thank the above officers for their wonderful cooperation and unselfishness in assisting me in accomplishing the above work by attending regular Police Sessions that were held at our station. These officers put in numerous hours of their own time without compensation, so that they would be better fitted to serve the citizens of Hudson.

The following auxiliary officers, Alfred Theriault, Carl F. Anderson, Sr., Raymond Landry, Roland A. Bossie, Jr., O. Leclerc, Edward G. McLavey, Arthur Kashulines, Jr., Henry Naro, Jr., John E. Winslow, Edgar A. Trudeau, Normand R. Vallerand, Maurice R. French, Ernest McCoy, Joseph E. Richard, Raymond E. Dumont, Donald A. Merrill, Maurice J. Levesque, Gilbert E. Latulippe, Raymond E. Boisvert, and Stuart Groves are to be commended in attending the meetings and sessions with the Special Officers and for giving their time free of charge so that in case of any emergency they will be ready to fill in and give us a hand.

BOARD OF HEALTH REPORT FOR 1958

FOLLOWING DISEASES REPORTED:

Polio	1
Measles	61
Mumps	16
Chicken Pox	13
Dog Bites	27

DEAD ANIMALS BURIED:

Dogs	9
Cats	28
Skunks	33
Squirrels	21
Rabbits	4
Birds	15

Investigated 19 cases of water pollution.

Inspected 51 homes that had applied for Boarding Home Licenses.

Issued 21 warnings to persons who were carting rubbish to dump, uncovered and dropping on the highway. They picked it up.

4 PERSONS WERE SUMMONED INTO COURT FOR THROWING RUBBISH ON OUR HIGHWAYS AND WERE FINED.

We must have the whole-hearted cooperation of the people of the town in keeping our roads clean. It costs money to send a crew out and have the litter picked up along the highway. Rubbish strewn along the highway is a very unpleasant and unsanitary sight. It constitutes a health menace and a fire hazard, kindly cooperate with us by covering your rubbish when you are transporting it to the dump.

OSCAR CAMPBELL, *Chief*

DISTRICT FIRE CHIEF'S REPORT

You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores: brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

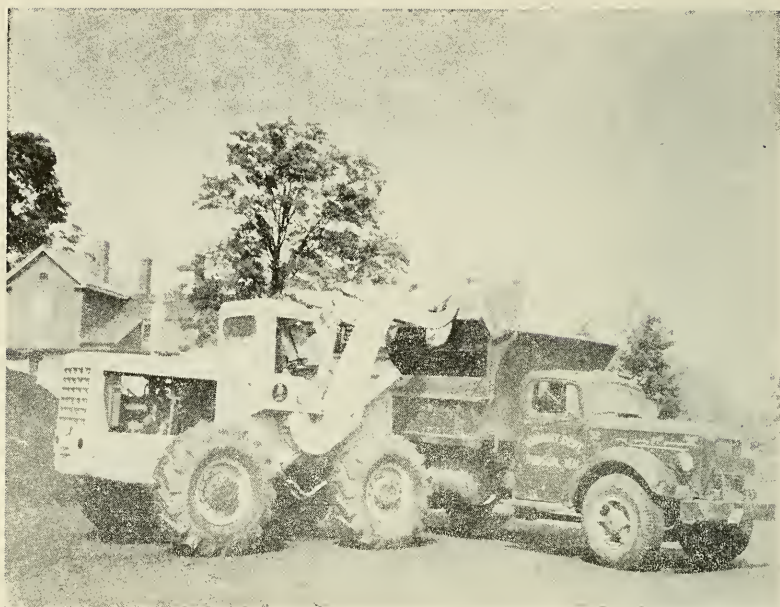

Number of local fires—4; Number of acres burned—9.25;
Number of permits issued—313.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1957, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of \$15,032.29, less a revenue surplus of \$4,364.10, resulted in a net budget deficit of \$10,668.19.

Summary of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1957, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of July 31st, 1958, is indicated in Exhibit Q.

Statement of Long Term Indebtedness: (Exhibit P)

A statement of long term indebtedness as of December 31, 1957, showing annual debt service requirements, is contained in Exhibit P.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$11,058.99, from \$13,681.05 to \$2,622.06, in 1957, as shown by the following statement:

	Dec. 31, 1956	Dec. 31, 1957
Total Assets	\$134,330.51	\$143,879.48
Current Liabilities	120,649.46	141,257.42
	<hr/>	<hr/>
Current Surplus	\$ 13,681.05	\$ 2,622.06
	<hr/>	<hr/>

Appropriation Overdrafts and Application of Municipal Budget Law:

It is noted that in the fiscal year ended December 31, 1957, there was a net overdraft of appropriations amounting to \$15,032.29. In other words, total expenditures exceeded total appropriations by this amount, as indicated herewith:

Overdrafts of Appropriations	\$21,576.38
Unexpended Balances of Appropriations	6,544.09
	<hr/>
Net Overdraft of Appropriations	\$15,032.29
	<hr/>

It may be stated, however, that included in this amount was an overdraft in the "overlay" account which amounted to \$3,892.03. Inasmuch as the amount which is raised for "overlay" is determined by the Selectmen rather than appropriated by the town meeting, it is not strictly speaking an appropriation account. Therefore, the actual net overdraft of budgetary appropriations would be as follows:

Net Overdraft of Appropriations	\$15,032.29
LESS: Overdraft in Overlay Account	3,892.03
	<hr/>
Actual Net Overdraft of Budgetary Appropriations	\$11,140.26

In accordance with the provisions of the Municipal Budget Law, R.S.A., Chapter 32, application should have been made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, for a certificate of emergency authorizing the excess of expenditures over budgetary appropriations.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

The Hills Memorial Library continues to serve the readers of our community. We have added some over two-hundred new borrowers this year and have done our best to serve them well. We buy as many new books as our budget will allow and feel that our librarian has done an excellent job in choosing books to please all ages and tastes. We welcome constructive criticism but wish those who offer suggestions would first visit our library, observe what we are doing and become better acquainted with our problems before suggesting changes.

We are grateful for all the fine books that have been donated and urge you all to read and enjoy these gifts. We have added two new double book stacks this year and hope to be able to add more during 1959.

We wish to remind you that the basement room is available for any local group and we urge you to use and enjoy it. If you wish to use it please clear the date with Richard M. Burns.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Hudson, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Dr. H. O. Smith Auditorium in said district on the 14th day of March 1959, at one o'clock in the afternoon, to vote for officers under Articles 1, 2, 3, and 4. Polls will be open from 1 P. M. to 9 P. M. Action on remaining articles will begin at 7 P. M.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. By Petition of — Ralph A. Kelley, Roland Latour, Robert C. Lunch, and others; to see if the School District will vote to instruct the School Board to rent the portions of the Dr. H. O. Smith School now being used by them in accordance with the conditions of the previous year, to the Hudson Lions Club, Inc., each Wednesday evening until the next annual School Meeting, at a rental of \$25.00 per week.

10. to see if the School District will vote to raise and appropriate a sum not to exceed Two Hundred Sixteen Thousand Dollars (\$216,000.00) for the purpose of altering, enlarging and equipping Alvirne High School at a cost not to exceed One Hundred Eighty-Two Thousand Eight Hundred-Fifty Dollars (\$182,850.00), and for the additional purpose of constructing and equipping a Vocational-Agriculture Shop at a cost not to exceed Thirty-Three Thousand One Hundred Fifty Dollars (\$33,150.00) and to raise said sum for said purposes through the issuance of serial notes or bonds upon the credit of the District in accordance with the provisions of the Municipal Finance Act, RSA 33 and by any other statute thereto enabling; and to authorize the School Board to issue and negotiate such notes or bonds, and to determine the rate of interest thereon and the time and place of payment thereof and to take such action as may be necessary to effect the issuance, negotiation and sale of such notes or bonds as shall be in the best interests of the District.

11. If Article 10 is voted in the affirmative, to see if the District will vote to raise and appropriate a sum not to exceed Three Thousand Dollars (\$3,000.00), for the purpose of paying one semi-annual interest payment on the above bonds and/or serial notes.

12. To see if the district will vote to raise and appropriate the sum of Ten Thousand Five Hundred Dollars (\$10,500.00) for the purpose of installing an automatic Sprinkler System in the Webster School.

13. To see if the School District is authorized to borrow a sum not to exceed \$43,000.00 and to contract to pay interest thereon in a sum not to exceed \$1,300.00 for the purpose of completing the addition to the Dr. H. O. Smith School, the repayment of said loan to be made at the time that Hillsboro County Civil Suit No. 10872, School District of Hudson et al V. Employers Liability Assurance Corp. Ltd. et al, is terminated.

14. To transact any other business that may legally come before this meeting.

Given under our hands at said Hudson, N. H. this 27th day of February 1959.

REPORT OF SCHOOL BOARD

Your School Board has met the second and fourth Thursdays each month in the office of the Superintendent at 7:00 p. m. and at other times as was advisable in order to conduct the affairs of the School District to the best of our ability and in the best interests of the community.

An indication of the community spirit of your board was the granting of the use of the Dr. H. O. Smith ballfield for the annual carnival of St. John the Evangelist Parish. It was also our privilege to extend the use of the Dr. H. O. Smith School corridors to the Catholic Women's Guild for a food sale on election day.

Permission was granted to the Hudson Athletic Association for the use of the H. O. Smith Auditorium.

Our Superintendent has done a commendable job in securing qualified candidates for us to hire. A total of 20 persons were hired during the course of the year as teachers, custodians, and hot lunch workers.

It has been the policy of your board to strive for continuity in our schools by holding teachers. Your assistance to that end has been greatly appreciated.

Improvements were made to the heating system of the Dr. H. O. Smith School and Addition.

The apartment at the Alvirne Farm House was improved and rented to the Vocational Agriculture teacher, Mr. Emery Booska.

Our own custodians are now handling the setting up and cleaning up for the Lions Club Beano, making for much more satisfactory conditions.

Transportation contracts were signed with Mr. George Fuller.

Driver Training at Alvirne was discontinued because of the lack of a vehicle, a driver training car not having been donated as in previous years.

Your board has met with counsel from time to time to discuss the progress of legal action concerning the Dr. H. O. Smith School Addition.

A guard rail was installed to protect the gas tank at the Alvirne parking lot.

Hot topping has been done at the Dr. H. O. Smith Addition and at Alvirne.

At the Alvirne Farm we now have a poultry flock in production and paying its own way. We also have a new pole-type machinery storage shed.

The Activities of the Alvirne High School Committee will appear elsewhere in this report.

We beg your indulgence if we have omitted any item of particular interest to you, however, we welcome your inquiries at all times.

In closing we wish to thank all of you who have worked with us in making the Hudson School District one to be proud of.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

It gives me pleasure to submit my fourth annual report as your Superintendent of Schools.

A famous educator has said that the purpose of our schools should be "To teach the pupils to do better those worthwhile things that they shall be doing anyway." Whether a young man or woman chooses to be a Scientist, Mathematician, farmer, Secretary, housewife, School teacher, scholar or just plain laborer our schools are doing a good job laying the foundation for a worth-while life in any of the areas mentioned along with the many other facets of education that make up a full program. To meet this challenge a requisite must be the necessary tools of the trade, namely, good instructors and the needed materials to allow the instructors to do their job properly and efficiently. A master craftsman cannot build a good house with inferior materials, neither do the best of materials insure a good house when inferior craftsmen are employed. It goes without saying that you can't have one without the other.

With the above in mind I ask you to consider carefully and without bias the needs for the children of Hudson. Your School Board and Superintendent have honestly endeavored to consider all responsible factors in proposing the present budget for *your* schools. Do you think your children are worth it?

New Teachers

Mr. James Dutton, B. Ed., K. T. C. "58" to replace Mr. William Frizzle as teacher of Industrial Arts. Mr. Dutton did his cadet teaching at Alvirne.

Additional Teachers

Your Superintendent is recommending the following additional teachers to meet the needs of increased enrollments in Hudson for 1959-60. A study of the project grade placements for 1959-60 which follows will show why the proposed teachers are a necessary minimum.

1. One additional teacher for the Junior High School. This teacher is needed to fill the position created by four sections moving from Grade 6 into Grade 7.

2. An additional English teacher at Alvirne to meet the demands created by the larger class moving up. The larger enrollment creates a need for three full time English teachers for 1959-60.

3. A combination Problems of Democracy and General Math. teacher at Alvirne. This need again is created by the larger classes moving up.

Repairs and Replacements

The annual program of maintenance and repairs carried on by your School Board has kept your school buildings in good condition. By taking care of the small items each year the repair and replacement costs are kept to a minimum. The painting program as carried out by the custodians insures pleasant, well painted classrooms for your children.

Hot Topping the area around the new elementary addition has aided not only in providing a good play area, but has reduced to a large degree the amount of sand carried into the building on children's feet.

It is planned to carry on with the program of refinishing pupils desks. An additional small belt sander to be used by the custodians in the elementary schools is being asked for in the proposed budget in order to make this part of our regular maintenance program on both high school and elementary levels.

School Lunch

The School Lunch Program under Mrs. George Hurd and her helpers at Dr. H. O. Smith and Mrs. Gladys Canfield at Alvirne are being maintained in their usual excellent and efficient manner.

The combined factors of less surplus foods and higher cost of foods to supplement them is making it more and more difficult for the Lunch Program to be self sustaining. There are two solutions to this problem. (1) Increase the cost of the lunch to each child. (2) Provide school district money in the budget to supplement the program. One might say, "Why not cut down on the lunch served," but such an action would be foolhardy as we would loose our eligibility to receive surplus foods if prescribed nutritional requirements were not met.

Instruction

The growth of the instructional program under the direction of Mr. Paul L. O'Neil, Helping Teacher has been most gratifying. The response to in-service programs for the teachers has been excellent and is a good indication of the rapport between Helping Teacher and teachers. As his report on the instructional program follows I shall only say that every indication is for a continually improving and growing program.

Looking Ahead

Your School Board is presenting for your consideration a proposed addition of eight rooms to Alvirne high school. The need for this addition is brought about by the increased enrollment of the ninth grade classes that have been entering Alvirne for the past three years. A careful study of the estimated enrollemnt table for 1959-60 will indicate why it is necessary to think in terms of an addition at the high school level. I would warn you not to be misled by the decrease in the Elementary classes beginning with the fourth grade. Remember that when these small grades reach high school the decrease in numbers will be more than made up with those pupils entering Alvirne from St. John the Evangelist School. Incorporated in the planning at Alvirne is a separate shop for the Vo-Ag course. There is a definite need for this because once again the increased class enrollments have taxed our shop capacity to the limit. The present Vo-Ag program is utilizing space that should be available for (1) Additional shop area for another teacher in the Industrial

Arts program (at most one year away) and (2) Suitable class room for the teaching of Mechanical Drawing and Shop Math. It is hoped the needs of the above programs will be weighed carefully in considering the type of educational program you want for your child.

In closing I wish to express my appreciation to the School Board, Citizens, Teachers and pupils for their continued interest and cooperation in working toward a common goal of better educational opportunities for our young people.

Respectfully submitted,

LOUIS L. RAMSAY

HELPING TEACHER REPORT

Mr. Louis Ramsay
Superintendent of Schools
Supervisory Union #27
Hudson, N. H.

Dear Mr. Ramsay:

I am singularly pleased to present my second annual report as Helping Teacher in the Hudson schools.

Interested citizens, aware of current pressures and demands made upon schools, are more than anxious to hear of progress in the making. The citizens of Hudson should be proud of their schools and teachers. Progress can easily be observed in many areas.

PUBLIC RELATIONS:

Our state department of education stipulates in its list of duties and responsibilities of helping teachers that we interpret to the public the noteworthy events taking place in our schools so that they might be better informed on school functions.

This area received and will continue to receive my undivided attention for I am a firm believer in school publicity. No doubt you have been well aware of the eventful goings-on in our Hudson schools. Your teachers and principals have become prone to this public relations policy and are quite willing to share these interesting events with you through the cooperation of press and radio outlets. School business is your business! Read about your schools and what they are trying to accomplish.

INSTRUCTION:

Schools are expensive to maintain and reflect the kind of community they serve. As administrators we must see to it that your children get the kind of educational experiences entitled them, on the one hand, and on the other be conscious of expenditures. Your school board and superintendent have prepared budgets that are realistic and that provide desirable educational opportunities. It behooves each of you then to give your wholehearted support to each and every recommendation listed therein.

The area of instruction is my major concern. How are our children doing? Our annual testing program indicates a healthy trend. Compared to national standardized figures on our achievement tests last spring, we are comfortably above the average in reading, arithmetic and language. Handwriting in our schools, although not compared nationally, seems to definitely be on the upturn. Oral

language in classrooms is being stressed in larger doses and the results are heartwarming.- Spelling is a chronic problem throughout the land. Modern techniques of teaching spelling need to be carefully weighed for their validity seems questionable. Consequently much old fashioned drill and practice is the watchword. Much depends upon the willingness of the individual youngster to get to the bottom of his spelling weakness. The ability to become proficient in spelling is hard to come by if a child is not well grounded in phonics skill which are coming in for considerable emphasis in the lower grades.

IN SERVICE TRAINING:

At the time of this writing, the percentage of our teachers in Hudson currently taking professional courses to enhance their status far outnumbers that of any other town in the union. This indicates interest and sacrifice and assures your children of being subjected to a fresher approach to learning.

Grade level meetings provide teachers an opportunity to meet and air out similar problems. This year, as in the past, your helping teacher has met with teachers of all levels of instruction. These union-wide meetings are usually held in Hudson after the close of school. New trends are discussed, devices to help in teaching are constructed, and an informal atmosphere of give and take is the order of the day. Teachers have commented favorably on this type of in-service growth and re-enter their classroom with something tangible and worthwhile.

SOME SCHOOL NEEDS:

Books, books, books! We need supplementary reading matter on all grade levels.

Encyclopedias should be provided for every classroom from grade three on up.

In completing this annual report I have asked the principals and supervisors to incorporate their viewpoints, these statements follow.

Alvirne High School

This past year at Alvirne has brought about many noticeable trends toward advancement in the field of education. This advancement is due principally to our teaching staff, the cooperation of the school board, the administration, and the townspeople.

The foreign language program has been reviewed and a plan to offer a comprehensive language sequence is in progress. French is now offered on a three-year basis and Latin is tentatively offered on a two-year basis.

A rapid completion of an English language arts outline is in progress and very necessary to insure an adequate sequence of instruction. In the process, a purchasing program for English texts and references is being completed as soon as possible so that instruction in this field will be more effective and better coordinated with the different grades.

The science program has been strengthened for the non-college students with the addition of a physical science course offered on the 11th and 12th grade level. Elements of physics, chemistry, geology, and astronomy are included in this course.

The senior mathematics course for college preparatory students has been reviewed and the addition of advanced algebra to the present offering of solid geometry and trigonometry is consistent with the recommendations in the N. H. syllabus for grade 12 mathematics.

The alternation of courses which tend to restrict student opportunities has been reviewed and corrected. Attention has been given to annual offerings of physics, chemistry, all college mathematics, and the language program at the proper grade level.

A total guidance program is still a project to be desired. Guidance to pupils is inherent in any secondary school. An efficient secondary school will have an organized guidance program. Such a program will place emphasis on the development of each child to the fullest extent of his potentialities—educationally, vocationally, personally, and socially—and at the same time insure that each child is prepared to become a useful and understanding member of society.

The guidance program should be staffed by at least one full-time trained counselor who could maintain cumulative records, set up an adequate occupational file, carry on additional testing, and do individual and group counselling.

One area in the school which we have not been able to develop to the fullest extent is the library. The main reasons for the lack of development are the overcrowded conditions and the lack of a full-time librarian. The school library represents a major aspect of the educational program of any secondary school. It provides the reading and reference materials necessary to make that program effective; it represents a means of developing worthwhile leisure habits; it encourages pupils to develop a sense of responsibility and self-control; it serves as a resource for the staff.

The continuation of the progress that has been made this past year depends in no small measure upon holding a faculty of high caliber and the continued cooperation of all those concerned with education.

In conclusion, I want to take this opportunity to thank you, Mr. Ramsay, Mr. O'Neil, the faculty, School Board, school personnel, and the citizens of Hudson for the cooperation and assistance you have extended to me.

Hudson Junior High School

A well-rounded program in which each individual child is given the opportunity to reach his potential has been my objective here this year. From the early days in September to the present time I have experienced many accomplishments and many failures. The success is due to one major element—the outstanding, devoted teachers.

Our school newspaper, *The Junior Press*, under the direction and guidance of Mrs. McLane is certainly one of the best in this area. Mr. Shea's Drama Club has proven that the members are ready to give the Hudson Players help if needed. The two girls who won first and third places in the union-wide speaking contest were coached by the able Mrs. Juris. Miss Ferland's new French Club has dreams of someday taking a trip to Paris.

In addition to the basic subjects of English, science, social studies, and mathematics, a physical education program was initiated in our school. With all seven teachers acting as instructors, the program has been somewhat successful. In conjunction with the physical education program Mr. Mika has formed and coached an outstanding basketball team. The colorful cheerleaders, with Mrs. Juris as their advisor, have certainly helped spread school spirit. It is expected that Mr. Terrill will have many boys on the field when he calls out candidates for baseball.

The art program has been altered somewhat, thus giving Mrs. Osgood the opportunity to work with all the students. The pupils have had many worthwhile musical experiences under the direction of Mr. Bartlett, our music supervisor. Educational field trips have been the highlight of many units of study. Trips to nearby resources as well as trips to Boston have all been a part of our program. Our science classes have taken part in a program of outdoor science education at Bear Brook State Park under the supervision of the Society for the Protection of New Hampshire Forests.

With the expected increase in enrollment, and the current need for more scientific achievement, it is my hope that a science laboratory be set-up in our school for next fall.

If we are able to *keep the prominent teachers* that we already have, if we are able to provide the same curriculum, and if we are able to continue improving our program and standards, I'm sure that each of our children will become a well educated and adjusted individual in our society. To reach this goal . . . parents, teachers, and pupils will have to work together.

DONALD E. LANGLOIS
Principal

Webster School

Teaching for World Peace

The goal of education in a democracy is to produce democratic individuals. A democratic individual respects the rights of others, is worthy of being respected, realizes that in a cooperative society we must give as well as receive, and that the value of an individual is determined by contributions made to the group for the good of the whole. He also appreciates the fact that in a democracy he has the right of making his own decisions and both the right and the responsibility of participating in group decisions. Therefore, for the Webster School to be an effective institution in a democracy, it is essential that we understand the nature and problems of a democratic society, recognize and assume the responsibility of guiding children in the development of those skills which will enable them to solve their problems with confidence, to discover and for the good of society to develop their full potentialities even in the least promising of those whom they teach.

Today the elementary teacher's greatest responsibility is to teach so as to preserve our democracy. This means that our children must be trained in the ways of peace. We have tried our outmost to develop in your children an understanding of world at peace.

DANIEL F. FORTE
Principal

Dr. H. O. Smith Elementary Addition

In submitting my second annual report as Supervisory Principal of the Dr. H. O. Smith Elementary Addition may I say that we were very fortunate that we had only two replacements in our faculty. For the most part teachers are happy to stay in our building as they feel that the town of Hudson has done well by them. In our school emphasis is put on Reading Skills spending a great deal of time on Phonics. If a child can read with good comprehension when he leaves us we feel that he has a better chance to succeed in all subjects encountered at the intermediate level. Miss Florence L. Parker has continued her excellent work as Remedial Reading teacher and many children have been brought up to grade level by her guidance. Each teacher follows along with her program. An Art Supervisor and Physical Education Instructor are needed in the elementary grades. Miss Grace, our music supervisor, directed an

operetta last spring that was a credit to her and the teachers. Cooperation of the parents and friends made it a success. The local Clubs have been very generous in their assistance in helping the needy pupils.

I would like to thank my Superintendent, Helping Teacher, School Board, teachers, parents, and townspeople for their loyal support and help they have given me.

HELEN M. PARKER,
Supervising Principal

Report of Art Supervisor

The intention of this report is to give a brief view of the Art Program in Hudson and to emphasize its value to our children and young adults.

On the Jr. High level we have initiated a schedule of art on an elective basis. The enrollment from all groups has been high, and the quality of accomplishment has noticeably improved.

At this level we try to develop confidence in the pupils toward their work and offer a large variety of materials and experiences.

The High School program is equipped to offer advanced work in the same and additional materials, so that the student has experience in all forms of creative art, drawing, painting, designing, sculpture, and crafts. He learns, through the study of artists of the past and present, an appreciation of their creative efforts as he attempts his own.

Throughout all grade levels the emphasis is on creativeness rather than copy work. Thinking for himself and developing his own ideas helps the student to take his place as a contributing member of his school and community.

Today when the need for specialization may create an expert with little general knowledge or appreciation of other fields of endeavor, we have an obligation to guide our children toward an awareness of those facets of life which transcend technical competence in his chosen field.

NORMA OSGOOD
Art Supervisor

Handwriting System

I am pleased to report on the progress of our handwriting program in your schools. Our major objectives are:

1. To have each pupil achieve or surpass the norm for his grade in speed and quality in formal handwriting.
2. To make good handwriting function in all related informal handwriting activities such as spelling, arithmetic, English composition, etc.

3. To develop concomitant virtues such as neatness, accuracy, attention to details and an understanding and appreciation of what is inherent in good handwriting.

4. To achieve these objectives with a minimum expenditure in time, effort, and materials.

5. To develop a writing consciousness on the part of teachers as well as children; to provide the necessary instructional and motivational materials and inform the teachers of the methods and techniques to be used in order to make the handwriting program effective. A study of the handwriting scores made by your students indicate the measure of success that has been attained.

During the school year ending June, 1958, we graded 5,400 formal test papers for your students. In the final grading period we found 78.3% excellent, 15.8% good, and 5.9% fair. This excellent record testifies to the interest and cooperation of your teachers.

During the course of the year, we graded approximately 16,200 informal papers for your students. Our purpose in grading these informal papers was to motivate good handwriting in related handwriting activities. In addition to our consultant services we furnished the pupils and teachers with the following handwriting materials: teacher outlines and folders, pupil folders, motivation graphs, individual certificates to pupils who qualified, diagnostic charts, handedness tests, envelopes, seals, etc.

In conclusion, I wish to thank you and the teachers and pupils for the splendid cooperation we have received at all times and for the excellent results that have been forthcoming.

W. L. RINEHART

Director

Music

I respectfully submit my report of the Public School music program.

Since music can be an important means whereby children experience success, belonging and satisfaction, we have made special efforts to make every child an active participant in the music program.

In order that he may experience success and satisfaction we have endeavored to teach him to sing correctly in the primary grades. We have been handicapped in developing rhythmic responses by the lack of pianos in the lower grades. The intermediate grades have enjoyed singing in harmony and it is very gratifying to have such active participation in these grades.

The success of the music program has been due to the conscientious work of the grade teachers.

We are very grateful for the cooperation of the parents in making our operetta, "Land of Dreams Come True," which we produced last spring, a success.

The interest shown in our Christmas and other programs is very encouraging.

TERESA GRACE

Supervisor

In closing, I want to express my sincere thanks to the Hudson School Board, Superintendent Ramsay, Principals, Supervisors, Teachers, Parents, and interested citizens who make school for Hudson youngsters an opportunity of which they can be justly proud.

Respectfully,

REPORT OF THE SCHOOL NURSE

January 23, 1959

To the Superintendent, School Board, and Citizens of Hudson.

I present a resume of the school health program.

Number of pupils (1,159) given physical examinations and frequent inspections. The findings of physical defects were few, we are also fortunate in having very few communicable diseases this year.

Tuberculin Tests were given to 371 pupils. Those reacting were X-rayed and had a complete physical examination.

Our pre-school clinic held in April was staffed by four Doctors, seven Nurses, many P.T.A. mothers, first grade teachers, and an optometrist. The 136 children attending the clinic had the opportunity of having a complete physical and visual examination.

One Hundred and twenty-three children were given triple Toxoid inoculations. Ninety two children had small pox vaccination. As a result of this clinic we find most of the children having both physical and visual corrections made before entering school in September.

I am sincerely grateful to all those who helped with the clinic, to the Doctors and Nurses for giving their time, the Lions Club and other civic clubs for their many contributions and all those who contribute toward hot lunch milk and clothing for the needy children.

I sincerely trust that in the near future the health program can be carried out on a full time schedule. With the increased enrollment it is impossible to give full coverage to all phases on part time employment.

Respectfully,

REPORT OF THE ALVIRNE HIGH SCHOOL BUILDING COMMITTEE

In accordance with the vote taken at the last School District Meeting, the committee proceeded to hire the firm of Irving W. Hersey Associates of Durham, New Hampshire to prepare plans and specifications for the proposed eight room addition to Alvirne High School and a separate Vocational Agriculture building.

Bids for these projects were opened on February 24, 1959 and the results are included in Article 10 in the School District Warrant.

The addition to Alvirne High School will include eight classrooms on the Southern end of the present building, a new combination cafeteria and small auditorium in the basement of the new addition, additional kitchen facilities, and additional toilet facilities for the second floor.

The vocational agriculture building will consist of a masonry building 42 ft. x 72 ft. containing one classroom and a shop area with the necessary services such as toilets and heating system.

The investigating committee's report, included in the 1957-58 annual report indicated that, based on the expected enrollment, the additional facilities would be required by September of 1960. Actual enrollment figures have confirmed the need for these additional facilities and the committee, therefore, recommends the passage of Article 10.
